

Bug Report

Bug Name: fix docker-compose.yml

Github Issue: 2

Reported By: immaroot

Reported On: January 25 2021

Resolved By: immaroot

Resolved On: February 2 2021

Error:

A)

*ERROR: yaml.parser.ParserError: while parsing a block mapping
in "./docker-compose.yml", line 1, column 1
expected <block end>, but found '<block mapping start>'
in "./docker-compose.yml", line 15, column 3*

Status: Resolved in commit [eca234](#)

History:

1. Indentations are not proper and will cause an error trying to build.
 - a. Bug Label Added
2. The error happens on branch main, while doing docker-compose build (Error A)
3. fixed in commit [eca2349](#)
4. BUG RESOLVED

Bug Name: docker-compose up fails

Github Issue: 15

Reported By: Cedrik

Reported On: February 22 2021

Resolved By: Killian, Tyler

Resolved On: February 22 2021

Error:

A)

```

Status: Resolved locally

History:

1. ValueError first reported by Cedrik on Discord
2. Killian gives resolution to create empty file at /tmp/debug.log
3. Tyler confirms the resolution works and provides the correct path for the debug.log file
4. BUG RESOLVED

Bug Name: Manufacturing Issues
Github Issue: 21
Reported By: Cedrik
Reported On: February 24 2021
Resolved By: Cedrik, Abdul, Matthew
Resolved On: TBD

Error:

A)

Various

Status: Resolving now

History:

1. Front-end errors discovered, data was not properly loaded into server
2. Calculations and display of material lists given has been fixed
3. Creation of multi-item material lists fixed
4. Matthew Assigned to Issue, "Manufacture" button remains to be completed
